Quick Start Guide

disk⊕ashur ®
PRO SSD

1	⬆	**SHIFT** button
2	🔓	**UNLOCK** button
3	🔒	**LOCK** button
4		**LED** Indicator lights

When you first plug in the diskAshur PRO SSD, the unit will do a self-test to verify all security components are working properly. The LEDs will go through 3 test stages **RED**, **GREEN**, and **BLUE**. This will be followed by three **GREEN** flashes on a successful test. Any test failure will leave the unit in an inoperable state with the **RED** LED flashing.

First Time Use

Before the drive can be used, the Admin PIN MUST be set. The LED will display Solid **BLUE** and Solid **GREEN** to indicate the diskAshur PRO SSD is waiting for a PIN to be set.

To Set-up the Admin PIN:

1. Press **UNLOCK + 9**. The LED will change to Solid **BLUE** and Blinking **GREEN**.

2. Enter the new Admin PIN and press **UNLOCK** key. If accepted the **GREEN** LED will flash for 3 short blinks, then return to Solid **BLUE** and Blinking **GREEN**.

3. Re-enter the Admin PIN and press the **UNLOCK** key. If accepted the **GREEN** LED will be Solid for 3 seconds.

4. LED will then turn **BLUE** and remain in Admin mode for 30 seconds or if the **LOCK** key is pressed, will return the drive to a standby state.

5. The Admin PIN is now set and will allow access to the drive or the Admin features.

6. To **UNLOCK** the drive, exit Admin by pressing the **LOCK** button. Then enter the new PIN and press **UNLOCK**.

> *Note: PINs must be a minimum length of 7 maximum 16 digits.
> Cannot contain all consecutive numbers (2345678 or 9876543)
> Cannot contain all same number (1111111)
> The **SHIFT** key can be used for additional combinations.

Locking the Drive

To lock the drive, press the **LOCK** button.

If data is still being written to the drive, diskAshur PRO SSD will wait until all data has been written to the drive and then it will lock automatically.

Note: The diskAshur PRO SSD will not be recognized by the operating system in the standby

Unlocking the Drive

To unlock the drive, enter either a User PIN or Admin PIN and press the **UNLOCK** button.

Adding a new User PIN

1. Enter the Admin Mode (**UNLOCK + 0** for five seconds. Enter Admin PIN and press **UNLOCK**).

2. Press and hold **UNLOCK + 1** until the LED turns to Solid **BLUE** and Blinking **GREEN**.

3. Enter a User PIN and press **UNLOCK** (a minimum of 7 digits and a maximum of 16 digits). The LED flashes **GREEN** three times, then returns to Solid **BLUE** and Blinking **GREEN**.

4. Re-enter the new User PIN and press **UNLOCK**. If the LED stays solid **GREEN** for two seconds and then solid **BLUE**, the User PIN was successfully added.

Performing a Complete Re-Set

To perform a complete reset of the drive, do the following:

1. Press and hold the **LOCK** button while you attach the diskAshur PRO SSD to an available USB port on your computer. The LED will flash **RED**, **GREEN** and **BLUE** alternately.

2. Press and hold **LOCK + UNLOCK + 2** for 10 seconds until the LED turns Solid **GREEN** for two seconds, followed by Solid **BLUE** and Solid **GREEN**. You have successfully reset the diskAshur PRO SSD.

Technical Support

iStorage provides the following helpful resources for you:

1. iStorage's Website (**http://www.istorage-uk.com**)

This gives you the ability to check for up-to-date information

2. E-mail us at **support@istorage-uk.com**

3. Call the Technical Support Department at **+44 (0) 20 8991 6260**

iStorage's Technical Support Specialists are available from 9:00 a.m

to 5:30 p.m , Greenwich Mean Time, Monday through Friday.
